

FIT TEMPLATE – fan controller carrier rev A, top view, 90 x 54 mm

Left edge = 12 V entry side. Cut along the outer line.

← this bar must measure exactly 50 mm. Print at 100% / Actual size, not Fit to page.

Approximate heights above the board surface (add standoff height for floor clearance):

Dev board on its sockets (the rectangle around J5/J6) .. ~14 mm

U1 regulator, C1, C2, C8 electrolytics ~11 mm

Fan plugs in J2/J3 ~12 mm + cable bend

J4 probe plug (top entry) ~10 mm + cable bend

J1 screw terminal, wires enter from the left edge ~10 mm

Underside: through-hole leads ~2 mm, so use standoffs of 5 mm or more
